

Accessing Recorded Epic Training

Steps

1. Login to <https://training.epic.com/eut>
 - a. This will prompt you to select the Methodist Le Bonheur Healthcare (MLH) icon on the Epic UserWeb opening page
 - b. You may be redirected to enter your MLH account information.

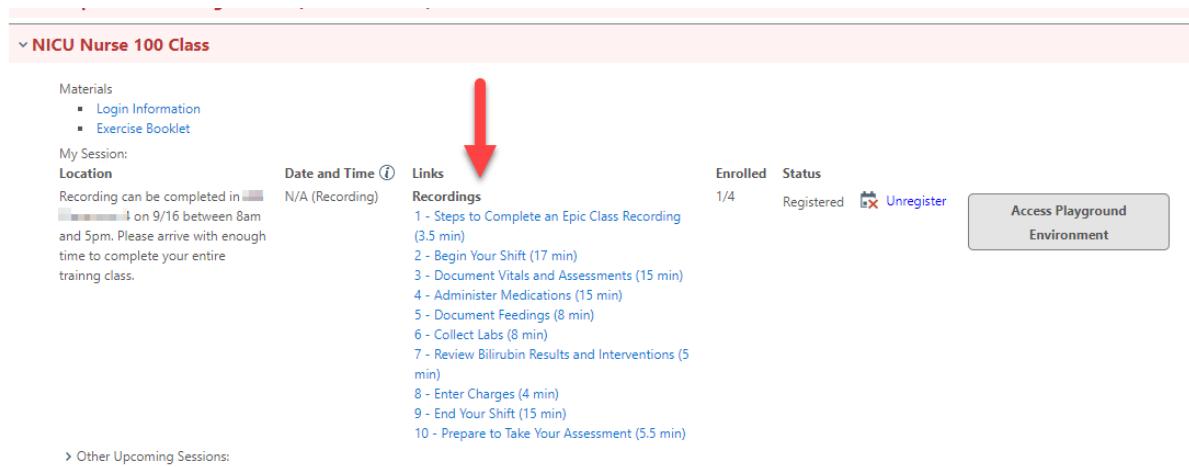

2. You will access recordings on your Epic U account. Recordings need to be completed in order. You will need to register for your recordings.

Location	Date and Time ⓘ	Enrolled	Status
Wilson Hall 115 POD B	Tue Sep 17 10:30 AM-4:00 PM (CDT)	4/5	Register
LEB - Epic Classroom 9	Tue Sep 17 10:30 AM-4:00 PM (CDT)	5/10	Register
LEB - Epic Classroom 8	Tue Sep 24 10:30 AM-4:00 PM (CDT)	9/15	Register
Recording can be completed in Classroom 4 on 9/16 between 8am and 5pm. Please arrive with enough time to complete your entire training class.	N/A (Recording)	0/4	Register

3. If you click register, the class recordings will be loaded.

Answering Assessments and Accessing the Playground

7. Click the exercise book.* The exercise booklet will open in a separate tab.

The screenshot shows the Epic Learning Management System interface. The course title 'Adult Med Surg Nurse' is at the top. Below it, a red box highlights the course details section. A red arrow points to the 'Exercise Booklet' link under the 'Materials' heading. To the right, there are buttons for 'Begin your shift' and 'Get report'.

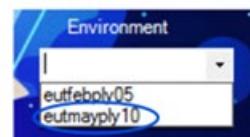

8. Click the login sheet. * The login information sheet will open in downloads. Open the login information PDF. Select the username and password from the login information sheet.
If more than one person from your team is present and accessing the logins, make sure you do not select the same number or login username.

The screenshot shows the Epic Learning Management System interface for the 'Adult Med Surg Nurse 100' course. A red box highlights the 'Prerequisite E-Learning Lessons (Recommended)' link. A red arrow points to the 'Login Information' link under the 'Materials' heading. A 'Downloads' dialog box is open, showing the download options for the login information file.

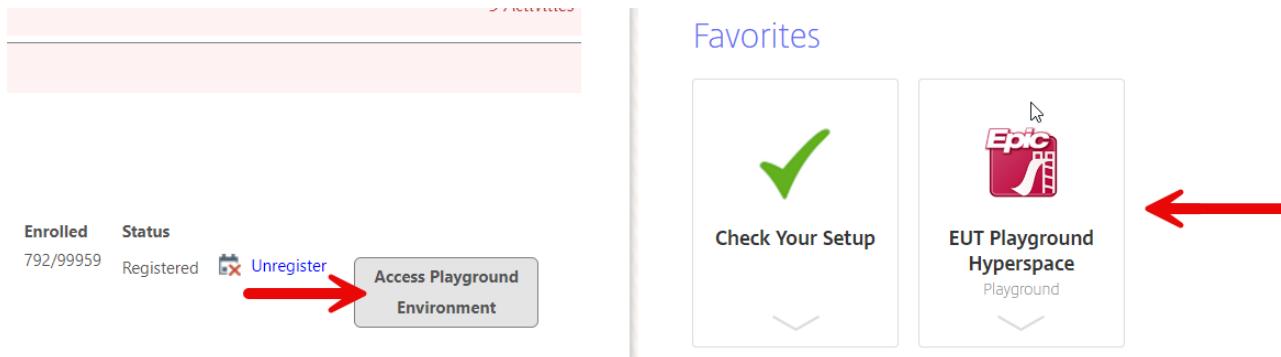

9. Open the playground environment.*

The first video in your training will assist you in accessing the playground. Click the "Access Playground Environment" button.

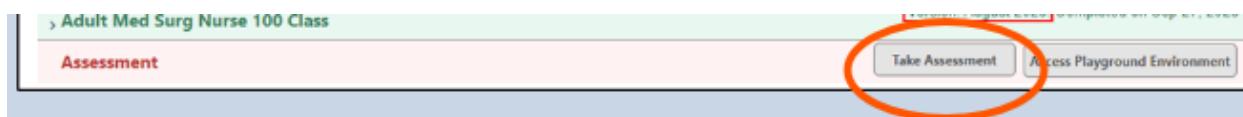

10. Open the EUT Playground Hyperspace. Depending on the classes you've attended, you might have multiple environments to choose from. Select the **eutmayply##** environment (number does not matter if there is more than one).

11. At the Epic login screen, log in with a training user ID and password. You won't use your personal credentials or organization-specific credentials to log into any training environments.
12. To find the list of training user IDs and passwords for your role, return to your training track in Epic University, expand the appropriate class, and open the Login Information document (Step 7 above).

13. After completing all recordings, trainee will complete the proficiency assessment.

***Some training tracks will not have a playground, login sheet and exercise booklet**
